

Volunteer Opportunities

Lend us a hand, and make a difference *right away* with your time, talent, or treasure!

- **Travel to the Dominican Republic** – Our service-learning program is nationally recognized for its quality, safety, and effectiveness. Programs are available to high school, college, and parish groups, as well as adult individuals. Times, itineraries, and budgets vary.
- **Three Cups of Coffee Fundraiser in Seattle** – This is our big night, and we need you there! Help us plan, procure an auction item, bake a dessert, attend (with friends!) or send a donation... we need it all! This is truly an inspiring evening, both because we celebrate EAB's work, and because it is nearly 100% volunteer-run.
- **Mailings**– We need help organizing, assembling, and stamping any and all of the 6 annual mailings to our loyal supporters. (These mailings really *work*, bringing in needed resources.) Even a couple hours is great!
- **Internships**— Qualified graduate and undergraduate students can get hands-on experience with an established international nonprofit
- **Start a fundraiser** – Whether it's a pizza party or a wine night, bring together some of your friends to support the EAB mission.
- **Create awareness** – Spread the word by writing an article about EAB, or invite us to address your church, service organization, school, or club.
- **Make a targeted donation**– A “Gifts for Real Change” donation sends help to the educational or health project closest to your heart: supporting a child in school, building a new home, planting trees, and much more. See website for details.
- **Prayers** – The Dominican families and communities we serve always request spiritual support: to salve sickness and hunger, and to bring forth life-giving justice in their midst.

Have you been to the DR with EAB? These are especially for you...

- **Photos from programs** – If you've participated in our immersion program, send us a few of your best pictures, for our website, slideshows, and promotional materials
- **Letters to Dominican families & friends** – Reconnect with your host family or friend from that special time in the DR. Write in your best Spanish (or in English and it will be translated for you), and enclose some photos.

- **Tell your story**— Write a paragraph or two, with a couple photos, that we can use for our website or brochure.
- **Convince a friend to join an immersion group**— Wouldn't it be great to talk about your DR experience with someone who's also been there? Invite a friend to coffee to plant this seed.
- **Youth Leadership Board**— Consider becoming a member.
- **Adult Immersion Programs!** The best help of all is experiencing the DR as an adult, re-connecting to the Dominican family and friends you made as a student. Come see what's changed— in them, and in you!
